Weeks 1-4:

- To start, you'll be randomly placed in a group of 5 players
- You have to complete a match against each of our 4 opponents in 4 weeks
 - Ideally you complete at least 1 match each week
- The top 3 players from each group, by points, move on to a Championship Group
- Ties within a group will be broken in the following order:
 - Head-to-head match result
 - Speed Shuffle

- An additional 1 to 3 players may also move into Championship groups, depending on total number of players, to fill them out. Which players move on in this way is at the discretion of the league manager and may be:
 - used in lieu of a tiebreaker
 - the top overall player(s) the did not qualify
 - randomly picked
- The remaining players move into one large Wildcard Group, which can earn a spot in the playoffs
 - If you do not wish to play in the Wildcard Group, please inform the League Manager, so that we do not schedule matches for you

Weeks 5-7:

- Play works the same as weeks 1-4
- You'll have 3 weeks to play 3 matches
- Points do not carry over from the first group
- Ties in a group will be broken in the following order
 - Head-to-head results
 - Total points from both groups
 - Speed Shuffle
- Championship Groups:
 - You'll be assigned a group for 4 players
 - The top 2 players from each Championship group move on to the playoff bracket
 - Up to 3 additional players, top by total points in both rounds, may receive a bye in first round of playoffs (depending on total number of players, to be announced at start of league)
- Wildcard Group
 - You'll have 3 matches to play
 - If there are 45 or fewer Players in the league, the top 2-4 players from the Wildcard group will make playoffs (depending on total number of players, to be announced at start of league)
